NC E-Procurement  
SunPac Fall Conference  
November 2014

*“I value the use of the NC E-Procurement System. My colleagues like the fact that their orders are transmitted directly, speeding up the process and excluding the step of them having to submit them to the vendors.”*

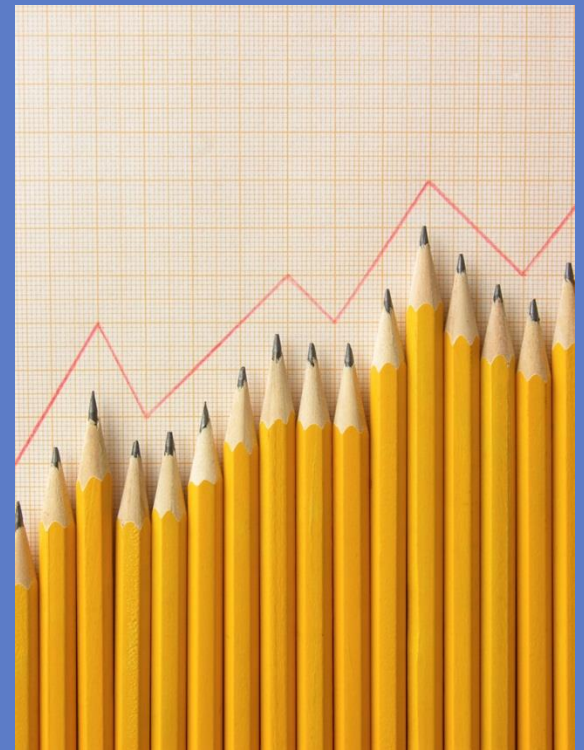

-Local Education Authority

- Over **4.5 Million** purchase orders have been issued through NC E-Procurement
- More than **\$30 Billion** in spending has processed through the NC E-Procurement system

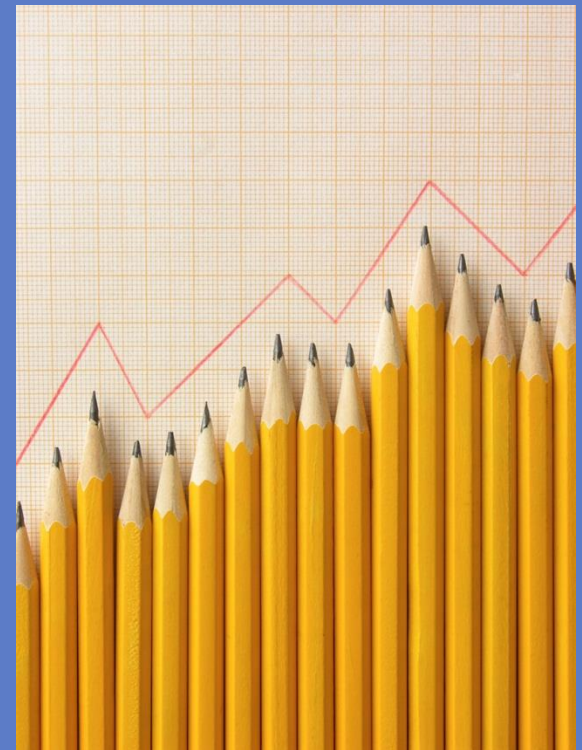

Over **9,000 NC users** from  
almost **200 different entities**  
now use NC E-Procurement:

- State agencies/Institutions
- Community colleges
- K-12 Local school systems
- Local governments

- There are more than **480 electronic catalogs** representing over 150 Statewide Term Contracts available to users
- Over **50,000 vendors** are registered in the NC E-Procurement system.

*NC E-Procurement provides the tools to improve the way the State of North Carolina purchases goods and services.*

- Users are empowered to use online requisitioning with direct access to State Term Contracts via **online catalogs**.
- Entities can choose to **decentralize the purchasing** process to the people needing supplies within their organization.

- The **eQuote tool** allows users to submit requests for quotes to vendors for items below the formal bid requirements, replacing more manual quoting processes
- Orders and internal approvals are **routed electronically** and maintained for accountability – paper free!
- Users have access to a **centrally maintained database** of vendor information, including Historically Underutilized Business (HUB) certifications

*Users can view the State term contract pricing within NC E-Procurement through the **catalogs and punchout catalogs**.*

- Users have the ability to search for a specific item on Statewide Term Contract.
- Catalog line items are pre-populated with Pricing, Contract, Commodity, and Supplier Specific information, allowing end users to quickly add the items to their requisition and Suppliers to quickly process the purchase orders.

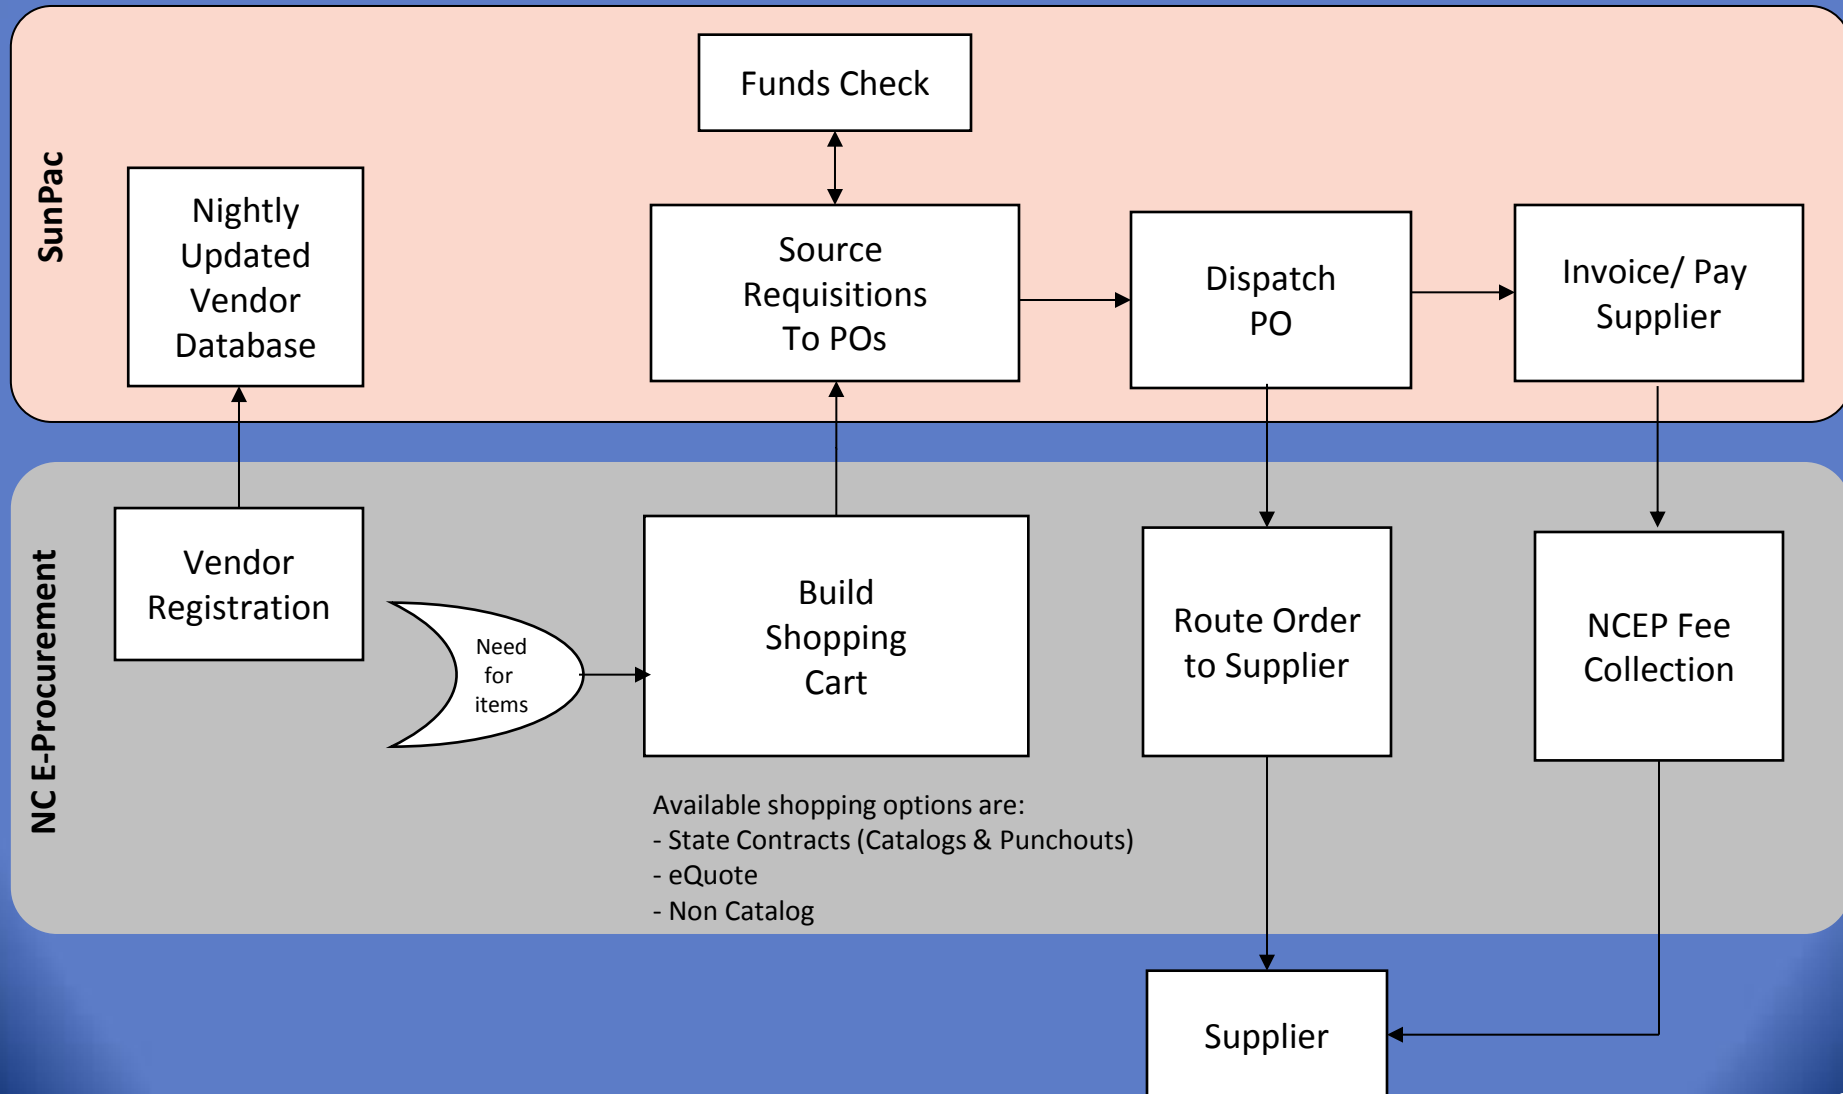

## Recently Awarded Contracts

**Statewide Term Contract 615A – Office Supplies** was awarded to Forms & Supply and is projected to offer 31% savings on general office supplies.

- Case study done with Greene County Schools highlights:
  - \$143 savings on one whiteboard
  - \$140 saved on 10 graphing calculators

**Statewide Term Contract 645A – Office Paper** is expected to generate a 9% savings on office paper over historical purchases. Tiered pricing adds further discount opportunities for larger volume orders.

# NCEP Interface Overview

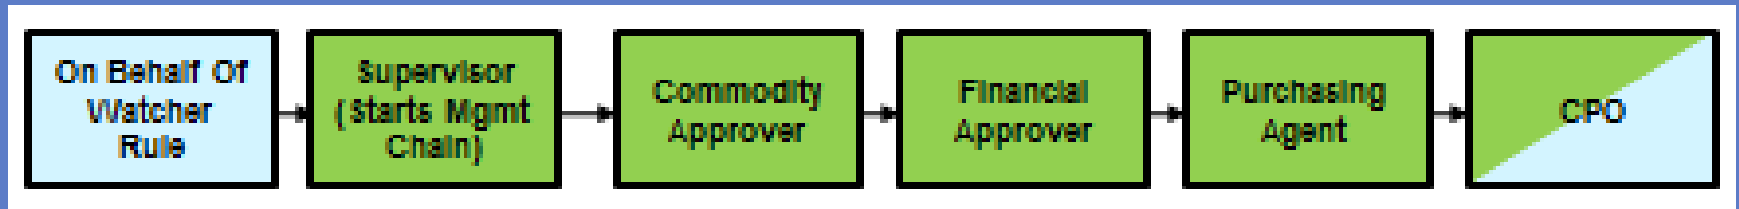

11

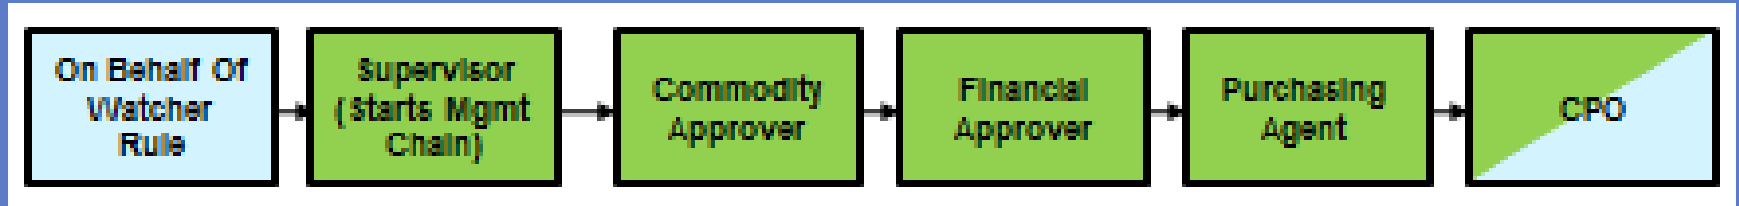

*eQuote is a tool within NC E-Procurement that can be used to solicit and review quotes from multiple suppliers for a good and/or service. It can be used for:*

- Items not listed on state term contract
- Item is a high dollar volume term contract item
- A rush order is needed (response within 4 hours)
- Competitive quotes from 3 or more suppliers are needed

*Electronic approval flows facilitate an effective procurement process and allow procurement professionals to focus on strategic initiatives.*

- The “**On Behalf Of**” rule will always assign a watcher, but not an approver
- Security Administrators can set appropriate management levels throughout the **Supervisor Chain** to provide the right level of oversight and a reasonable approval flow

- **Commodity Approvers** are triggered by a combination of 5-digit NIGP code and dollar threshold
- **Financial Approvers** can be triggered by a dollar threshold
- The **Purchasing Agent group** is added based on commodity code and whether the requisition is catalog or non-catalog.
- **Chief Procurement Officers** can be added to flow as a watcher or an approver based on a combination of commodity and dollar threshold
